Belkin International, Inc. Recalls SurgeMaster Surge Protectors

Toronto, ON – The Electrical Safety Authority is notifying the public that Belkin International, Inc. has announced a voluntary recall of the following consumer product in the U.S. Consumers should stop using recalled products immediately.

Name of Product: SurgeMaster Surge Protectors

Importer: Belkin International Inc., of Compton, Calif.

Hazard: The molding of the plastic 360 degree rotating plug, which allows for easy cord movement, can crack or detach from the plug assembly, posing a shock hazard to consumers.

Incidents/Injuries: There have been no injuries nor damage reported.

Description/Models: Model F9G930-10 manufactured only in 2003.

Sold by: Independent distributors nationwide in the US and the internet by www.belkin.com. None of these products were sold in Canada.

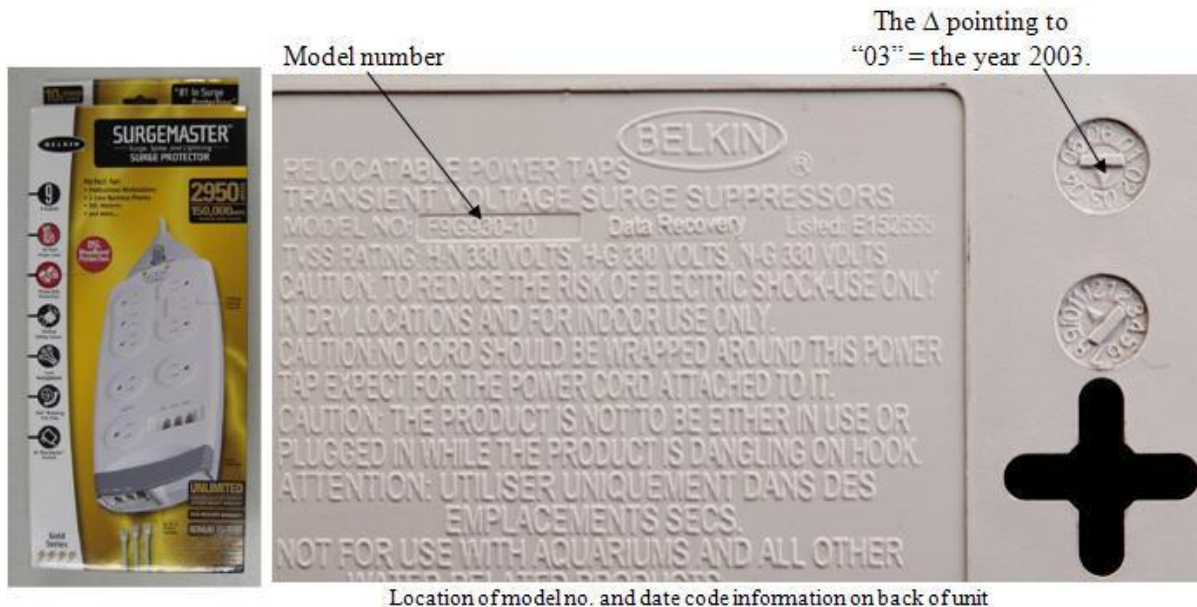

When was distributed: September 2003 through December 2007 in the U.S. only.

Manufactured in: China

Remedy: Consumers should stop using these power strips immediately and contact Belkin for a new replacement unit. Please note that only units manufactured in 2003 are included in this recall. If you have a model F9G930-10, please use the image at the bottom of this notice to determine if your unit was manufactured in 2003.

Consumer Contact: For more information please visit the firm’s Web site at www.belkin.com/recall.

Remarks: The affected units were intended for sale and distribution in the U. S only. However, the recalled units are certified to Canadian Standards by Underwriters Laboratories. For more information about Underwriters Laboratories product certification process please visit Underwriters Laboratories’ web site at: www.ul.com
