Electrical Safety Authority  
155A Matheson Blvd. West, Suite 200  
Mississauga, Ontario  
L5R 3L5  
Attention: Mr. Peter Marcucci

Dear Peter,

Thank you for meeting with us on May 11, 2001 to review the Electrical Safety Authority's Certification of Qualification initiative.

The Workplace Safety and Insurance Board is committed to establishing and promoting partnerships with stakeholders in our effort to eliminate all workplace accidents and illness. Improving workplace safety directly translates into more competitive insurance rates for employers. Leakage, or non-compliance, creates an unfair competitive advantage. We are, therefore, also dedicated to creating a level playing for employees engaged in construction in the province of Ontario.

We support the Certification of Qualification initiative as a means to increase public and occupational safety and level the playing field to reduce the underground economy.

Yours sincerely,

Joanne Lecky  
Asst. Director  
Construction Sector
