Jerdon Style Recalls One-Cup Coffeemakers Sold in USA Due to Burn and Fire Hazards

The Electrical Safety Authority is notifying the public that Jerdon Style has announced a voluntary recall of the following consumer product. Consumers should stop using recalled products immediately.

Name of Product: One-cup Coffeemakers

Units: No affected units were sold in Canada. About 6,000 were sold in the United States for between \$15 and \$26.

Manufacturer/Importer: Jerdon Style, LLC, of Richardson, TX, USA

Manufactured in: China

Hazard: The coffeemaker can overheat, posing fire and burn hazards to consumers.

Incidents/Injuries: Jerdon Style has received four reports in the US of coffee makers overheating. No injuries have been reported.

Description/Models: This recall involves Jerdon Style model CM12B one-cup coffee makers, with date code 1217. The coffee makers are black and have an oval, red indicator light above the on/off switch. The coffee maker

brews a single, eight to 12-ounce cup of coffee. The phrases “FIRST CLASS” and “JERDON” are printed in white letters on the front of the product. The model and date code are imprinted on a nameplate located on the bottom of the coffeemaker.

Sold by: Hotel/motel product suppliers and major online retailers in the United States.

When distributed: from July 2012 to January 2013.

Remedy: Consumers should immediately stop using and unplug the recalled coffee makers and contact Jerdon Style for instructions on how to receive a full refund.

Consumer Contact: Jerdon Style; at (800) 223-3571, from 8:30 a.m. to 4:30 p.m. CT Monday through Friday, or online at www.jerdonstyle.com and click on “Recall Information” at the bottom of the page for more information.

Remarks: The recalled units are certified to Canadian Standards by Underwriters' Laboratories Inc. For more information about Underwriters' Laboratories Inc. product certification process please visit: <http://www.UL.com>
