

Retrofitted Luminaires – Pricing

The fees in this document relate to the Program for Acceptance of Retrofitted Luminaires. You may also reference section 5.7.1 of the 2016 Electrical Inspection Fee Guide.

The program involves projects where luminaires are changed from their original approved design by the use of approved retrofit kits; or by changing the components to convert them into more efficient luminaires or into different kinds of luminaires. For more information on the Program for Acceptance of Retrofitted Luminaires, click [here](#).

These fees are based on retrofitted luminaires installed and inspected at the same time, based on the 2016 Electrical Inspection Fee Guide, effective January 8th, 2016.

Conversions involving ≤50 luminaires:

Luminaire Quantity	Contractor (C086)	Non-Contractor (C087)
The first 10 or fraction thereof, plus	\$74*	\$80
Each additional 10 or fraction thereof up to 50	\$7	\$8

*The minimum fee for an Application for Inspection of any wiring installation is \$79. Fees marked with * are subject to the minimum fee if the total fee for the Application for Inspection is less than \$79.

Conversions involving >50 luminaires:

In addition to the fees below, a pre-assessment fee of \$151 + HST is applied to each separate application involving >50 luminaires.

Luminaire Quantity	Contractor (C087)	Non-Contractor (C087)
The first 10 or fraction thereof, plus	\$74*	\$80
Each additional 10 or fraction thereof up to 1,000, plus	\$7	\$8
Each additional 50 or fraction thereof at 1,001 +	\$7	\$8

*The minimum fee for an Application for Inspection of any wiring installation is \$79. Fees marked with * are subject to the minimum fee if the total fee for the Application for Inspection is less than \$79.

Consultations

We offer optional consultations with the area inspector. For complex retrofit projects, consultations should be performed before any work has started and after the ESA pre-assessment is completed. A separate permit for the consultation will be issued. The cost is \$151 for the pre-assessment, in addition to a minimum fee of \$153 for the on-site consultation.

Field Approvals

Some retrofitted luminaires installations will require a Field Approval. Please advise this is a separate external process with additional costs that are independent of ESA’s Program for Acceptance of Retrofitted Luminaires, and Independent of ESA’s Electrical inspection Fee Guide. For more information on the Field Approval process, click [here](#).
