To Whom It May Concern:

RE: Electrical Safety Authority (ESA) Public Consultation on a Public Electrical Safety Awareness Survey

As a member of The Electricity Distributors Association (EDA), Erie Thames Powerlines has reviewed ESA's recommendation to the Ontario Energy Board (OEB) for a Public Electrical Safety Awareness Survey to be included as a component of the electricity distributor's scorecard and supports the recommendations made by the EDA.

As always we thank you for the opportunity to participate in the consultation and look forward to the next steps of the process.
