

February 2006

APB-01-06 CSA International and General Electric Announce a Voluntary Recall of Certain GE Monogram Built-in Gas Ranges

In cooperation with CSA International, **GE Consumer & Industrial**, of Louisville, KY is voluntarily recalling approximately 72 **GE Monogram® 36-inch and 48-inch Professional Gas Ranges** sold to customers in Canada from February 2004 through November, 2005. These ranges were manufactured with a flaw that can cause an electrical arc between the wiring and adjacent gas supply tubes at two locations in the control housing of the range, posing a fire hazard.

GE has received reports of six incidents in North America of fire in the control area of these ranges. No injuries or property damage has been reported.

The recalled GE Monogram built-in ranges include the following models:

- ZDP48N6RH1SS
- ZDP48L6RH1SS
- ZDP48N4GH1SS
- ZDP48L4GH1SS
- ZDP48N6DH1SS
- ZDP48L6DH1SS
- ZDP36N4DH1SS

- ZDP36L4DH1SS

The recalled ranges have serial numbers starting with DG, FG, GG, HG, LG, MG, RG, SG, TG, VG, ZG, AH, DH, FH, GH, HH, LH, MH, RH, SH. To find the model and serial number, look underneath the top ledge (also called the “bull nose”), above the range controls. The affected units were manufactured from February 1, 2004 to October 1, 2005.

Consumers who have purchased one of these recalled ranges should contact GE to schedule a free, in-home repair. Until the repair is completed, **consumers should stop using the griddle** on the 36-inch and 48-inch models, and the left front burner on the 48-inch models. The large oven and all other burners can be used.

Consumers should call the GE Recall Hotline at (866) 696-7583 between 8 a.m. and 8 p.m. ET, Monday through Friday, and between 8 a.m. and 2 p.m. ET on Saturdays to see if their range is included in the recall, and to arrange for a free service call. Information of the recall is also included online in the Recall Information page at <http://GEAppliances.com>.
