## AC Adapters Sold With Network Hard Drives Recalled by I-O Data Device USA Due to Burn Hazard

WASHINGTON, D.C. - The U.S. Consumer Product Safety Commission, in cooperation with the firm named below, today announced a voluntary recall of the following consumer product. Consumers should stop using recalled products immediately unless otherwise instructed.

**Name of Product:** AC Adapters sold with Network Hard Disk Drives.

**Units:** About 740.

**Importer:** I-O Data Device USA Inc., of San Jose, Calif.

**Hazard:** The AC adapters can overheat or melt, posing a burn hazard to consumers.

**Incidents/Injuries:** I-O Data Device USA has received three reports of the adapters overheating and deforming or melting. No injuries have been reported.

**Description:** This recall involves all AC adapters with model number IO-ACADP1510UL. The model number

can be found on the AC adapter. The AC adapters were sold with I-O Data® network hard disk drives model number UHDL-160U or UHDL-300U. The model number for the network hard disk drive is located on a label at the base of the console.

**Sold through:** I-O Data Device USA's Web site, telesales, distributors, and select retailers nationwide from December 2004 through February 2007. The network hard disk drives with adapters were sold for between \$300 and \$400.

**Manufactured in:** Japan (AC adapter only).

**Remedy:** Consumers should stop using the recalled adapters immediately and contact I-O Data Device USA for a free replacement adapter.

**Consumer Contact:** For additional information, contact I-O Data Device USA toll-free at (877) 878-2926 anytime, visit the company's Web site at [www.iodata.com/usa](http://www.iodata.com/usa) or send an e-mail to [supportps@iodata.com](mailto:supportps@iodata.com)
