## UL Warns of Potentially Hazardous Wall-Mounted Air Heater

**NORTHBROOK, Ill., June 6, 2008** - Underwriters Laboratories (UL) is notifying consumers and retailers that wall-mounted heaters manufactured by Econo-Heat may pose a risk of fire.

**Name of Product:** Model 0601

**Units:** Unknown quantity.

**Date of Manufacture:** November 2005 to January 2006.

**Manufacturer:** Econo-Heat, Cape Town, South Africa.

**Hazard:** Electrical connections may not be properly secured, causing them to overheat and pose a risk of fire.

**Identification:** *On the product:* The heaters bear a nameplate with an unauthorized UL Mark for the United States and Canada and the following information:

ECONO-HEAT  
ELECTRIC PANEL HEATER  
MODEL NUMBER: 0601  
425 Watts/125V/60Hz/3.6A.  
(DEC. 2005-JAN. 2006)

**What You Should Do:** UL recommends that consumers stop using the heaters and contact Econo-Heat for further instructions.

**Consumer Contact:** Contact Econo-Heat by email at [contact@econo-heat.us](mailto:contact@econo-heat.us). Contact by phone +1 713 589-3275.
