Campbell Hausfeld Recalls Air Compressors Due to Fire Hazard; Sold Exclusively at Wal-Mart

Toronto, ON – The Electrical Safety Authority is notifying the public that Campbell Hausfeld/ Scott Fetzer Company has announced a voluntary recall of the following consumer product. Consumers should stop using the recalled product immediately.

Name of Product: Campbell Hausfeld brand Model HU200099AV 20 gallon Air Compressor Kit

Manufacturer: Zhejiang Hong You Air Compressor Company Ltd.

Importer: Campbell Hausfeld

Hazard: Some or all of these units were produced with an incorrect thermal overload. The units therefore do not comply with CSA listing.

The incorrect thermal overload allows the unit to restart automatically. This can lead to unit overheating, plastic parts melting or catching fire if the unit fails in a way that allows the motor to continue to run and overheat.

Incidents/Injuries: There have been no reports of incidents.

Description/Models: The recall involves the Campbell Hausfeld model HU200099AV air compressor with a 20-gallon tank. The recall includes date codes ranging from January 2009 through June 2009. The model number and date code can be located on the back of the tank.

Sold by: Campbell Hausfeld directly to Wal-Mart USA. Wal-Mart USA sold directly to its customers.

When was distributed: January 2009 to June 2009.

Manufactured in: China

Remedy: Consumers should immediately stop using the recalled air compressor and return it to any Wal-Mart for a full refund.

Consumer Contact: For more information call: Campbell Hausfeld US Hotline
1- 800-241-0448
Monday thru Friday between 8:00 a.m. and 4:30 p.m. (EST) or visit www.chpower.com

Remarks: The affected units were intended for sale and distribution in the U. S only.
