Wagner Spray Tech Digital Heat Guns

Toronto, ON – The Electrical Safety Authority is notifying the public that Wagner Spray Tech Corp. has announced a voluntary recall of the following consumer product. Consumers should stop using recalled products immediately.

Name of Product: Milwaukee Heat Gun MHT3300 and the Wagner Heat Gun HT3500.

Units: Ontario: 9,099. Other provinces: 10,105.

Manufacturer/Importer: Wagner Spray Tech Corp.

Hazard: An electrical component failure inside the heat guns can cause them to continue to produce heat after the power switch is turned off. This can melt the heat gun’s plastic exterior, causing a burn if the heat gun is touched and igniting nearby combustibles.

Incidents/Injuries: The firm has received nine reports of the heat guns overheating. No injuries or property damage have been reported.

Description/Models: The heat gun’s name and model number are located on a black label on the bottom of the heat gun’s barrel. The heat guns are black plastic

and measure about 10 inches long, 8 inches high and 3 inches wide.

Sold by: Major and independent hardware and home improvement stores

When was distributed: From November 2004 through April 2009

Manufactured in: China

Remedy: Consumers should immediately stop using the recalled heat guns and contact Wagner for a free replacement product.

Consumer Contact: Contact Wagner toll-free at (888) 925-6244 between 8 a.m. and 4:30 p.m. CT Monday through Friday, or visit the firm’s Web site at www.wagnerspraytech.com.

Remarks: The recalled units are certified to Canadian Standards by UL. For more information about UL product certification process please visit: <http://www.ul.com>

WARNING: To reduce risk of fire or electric shock, connect to grounded outlet. Do not expose to rain or moisture. Store indoors. Read owner’s manual before using.
