Liebherr Recalls Built-In Refrigerators Due to Injury Hazard; Door Can Detach

Toronto, ON – The Electrical Safety Authority is notifying the public that Liebherr has announced a voluntary recall of the following consumer product. Consumers should stop using recalled products immediately.

SBS 24 0
SBS 24 I 0
SBS 24 5
SBS 24 I 5

Name of Product: Liebherr Built-In Refrigerator

Sold by: Appliance and specialty retailers nationwide for between \$2,470 and \$3,199.

Units: Approximately 751

When was distributed: The models were manufactured and sold between January 2005 and November 2009.

Manufacturer/Importer: Liebherr-Hausgeraete Ochsenhausen GmbH

Manufactured in: Germany

Hazard: The refrigerator door can separate and fall off, potentially injuring the user.

Remedy: Consumers are advised to contact Liebherr to schedule a free in-home repair.

Incidents/Injuries: In Canada and the United States, Liebherr-Hausgeraete Ochsenhausen has received 13 reports of the door falling off, including two reports of injuries involving bruises and strains. An addition 11 reports were received involving the door loosening, without falling.

Consumer Contact: For more information, consumers may contact Liebherr toll-free at 1-888-543-2437 from 8AM to 5PM ET Monday through Friday or visit the firm's website www.liebherr.ca/ca-hg/en/recall.asp.

Description/Models:

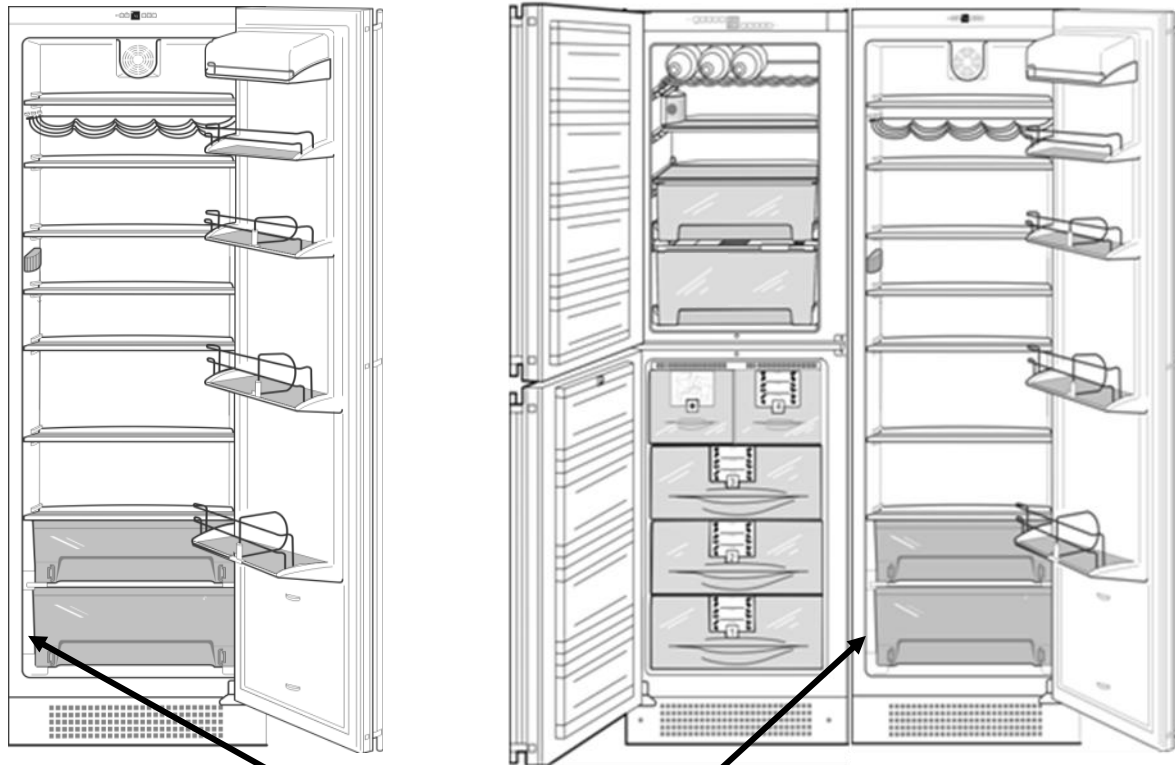

R	1400
RB	1400
RI	1400
RBI	1400

Remarks: The recalled units are certified to Canadian Standards by Intertek. For more information about Intertek's product certification process please visit: www.intertek-etlsemko.com/portal/page/cust_portal/ITK_PGR/

The refrigerators come individually or as the refrigerator compartment of the following side-by-side combinations:
