Thomas Lighting Recalls Ceiling Flush Mount Light Fixture Due to Risk of Fire and Electric Shock Hazard

The Electrical Safety Authority is notifying the public that Thomas Lighting has announced a voluntary recall of the following consumer product. Consumers should stop using recalled products immediately.

Name of Product: Thomas Lighting ceiling flush mount light fixtures.

Manufacturer/Importer: Thomas Lighting, of Elgin, Ill; part of Philips Consumer Luminaires Corporation, of Elgin, Ill.

Hazard: The wire insulation in the socket of these fixtures can degrade posing a fire and electric shock hazard to consumers, as the exposed energized wires may contact the metal canopy of the fixture.

Incidents/Injuries: Thomas Lighting has received 11 reports of defective fixtures which resulted in the home's Arc Fault Circuit Interrupter (AFCI) tripping. No injuries have been reported to the firm.

Description/Models: This recall involves 28 different models of ceiling flush-mounted light fixtures. All affected fixtures have a round base or canopy affixed to the ceiling and a dome or cylindrical shaped cover with diameters ranging from 7.5" to 13". The recalled fixtures have a variety of finishes including metal and/or clear or frosted glass and contain one, two or three light bulbs. Canopies are a range of colors including white, bronze, brass (gold) and nickel. Most models have a nib in the center of the dome cover in the same color as the canopy. The recalled models were manufactured between June 1, 2010 and November 25, 2010.

Although the manufacturer's name, the fixture model number and production date can be found on

a printed label on the ceiling-side of the fixture's metal canopy, consumers are advised not to remove the metal canopy from the ceiling in order to access this label.

Sold by: Electrical distributors and lighting wholesalers in the US only.

When was distributed: July 2010 through July 2011

Manufactured in: China

Remedy: Consumers should immediately stop using the light fixture, avoid direct contact with the fixture and contact Thomas Lighting to arrange for a free in-home repair of the fixtures by a qualified electrician.

Consumer Contact: For additional information, contact Thomas Lighting at (800) 764-0756 between 9 a.m. and 5 p.m. ET Monday through Friday, or visit the firm's website at www.thomaslighting.com.

Remarks: The affected products were intended for sale and distribution in the U.S. only. However the recalled products are certified to Canadian Standards by [Underwriters Laboratories \(UL\)](http://www.ul.com) and labeled with Canadian certification mark (cULus). For more information about [Underwriters Laboratories](http://www.ul.com) product certification process please visit: <http://www.ul.com>
