## **DeVilbiss Air Power Company Recalls Air Compressors Due to Fire Hazard ---**

### ***Sold under brand names Craftsman, EX-CELL, Pro-Air II and Porter-Cable***

**Toronto, ON** – The Electrical Safety Authority is notifying the public that DeVilbiss Air Power Company has announced a voluntary recall of the following consumer product. Users should stop using recalled products immediately.

**Name of Product:** Air compressors

**Units:** Approximately 4,900 in Canada.

**Manufacturer/Importer:** DeVilbiss Air Power Company

**Manufactured in:** United States

**Hazard:** The air compressor motor can overheat, posing a fire hazard.

**Incidents/Injuries:** DeVilbiss has received 10 reports of motors overheating. No incidents have been reported in Canada

**Description/Models:** The recalled compressors were sold under the Craftsman, EX-CELL, Pro-Air II and Porter-Cable brand names.

The model number on each unit is located on the unit name plate on the tank.

The Craftsman brand compressors involved in this recall are models 919-724300, 919-724321, 919-724322, 919-724500, 919-724591, and 919-724701. The Sears Craftsman brand compressors have a red vertical or horizontal tank of 20, 30 or 33 gallons, depending on the model.

EX-CELL, Pro-Air II and Porter-Cable brand compressors involved in this recall are models C3101-2, C3151-2, C6110-1, C6110-2, EXFBC6025-1 and PAFBC6025VP. The EX-CELL brand compressors have a black 25 gallon horizontal tank, and the Pro-Air II compressors have a 25 gallon vertical tank. Porter-Cable brand compressors have red tanks with a variety of configurations depending on the model. The model number and manufacture date on each unit is located on the unit name plate on the tank.

**Sold by:** Craftsman brand compressors were sold at Sears Canada, Costco Wholesale Canada Ltd., EX-CELL, Pro-Air II and Porter-Cable brand compressors were sold at industrial and construction distributors in Canada.

**When was distributed:** Compressors were sold from approximately July 2003 to September 2008.

**Remedy:** Immediately stop using and unplug the recalled compressors and call DeVilbiss for a free inspection and repair.

**Consumer Contact:** For additional information, consumers should contact DeVilbiss toll-free at (866) 885-1877 between 8 a.m. and 6 p.m. Eastern Time Monday through Friday or visit the firm's Website at [www.porter-cable.com](http://www.porter-cable.com) or [www.devap.com](http://www.devap.com).

**Remarks:** The recalled units are certified to Canadian Standards by Intertek Testing Services. For more information about the Intertek product certification process, please visit: <http://www.intertek.com>
