## HEICO lighting™ Recalls PLATINUM Neon Sign Power Supply Due To Fire Hazard

The Electrical Safety Authority is notifying the public that HEICO lighting™ has announced a voluntary recall of the following consumer product. Consumers should stop using recalled products immediately.

**Name of Product:** Power Supply Transformers

**Units:** 800 units in Canada

**Manufacturer/Importer:** HEICO lighting™

**Manufactured in:** Canada

**Hazard:** The transformers have been modified from their original approved versions and have not been evaluated to meet the Canadian Safety standards for these products. The modified transformers may pose a fire hazard.

**Incidents/Injuries:** No injuries or property damage have been reported.

**Description/Models:** This recall involves neon power supply transformers designed to power commercial signs. They are in black plastic boxes about 4.5 inches long by 3.5 inches wide with rows of vents on all sides. "HEICO LIGHTING™" and the model information are printed on

a plate on the transformer. The recalled models include PLATINUM-9000-30, PLATINUM-10000-30, PLATINUM-12000-30, TFT-04PL-6000-30, and TFT-06PL-9000-30.

**Sold by:** HEICO lighting™

**When distributed:** December 2011 through May 2012

**Remedy:** Consumers should stop using these recalled power supply transformers and unplug them immediately until a free replacement transformer has been professionally installed. Contact HEICO lighting™ to schedule the free installation of a replacement certified transformer.

**Consumer Contact:** HEICO lighting™; toll-free at (800) 665-1166, from 8:30 a.m. to 5 p.m. ET Monday through Friday, or online at [www.heicolighting.com](http://www.heicolighting.com) and click on Products for more information.
