Product Safety Alert

### ESA warns of Unapproved Solar Thermostat Controllers sold by WSE Technologies

The Electrical Safety Authority (ESA) is notifying consumers about unapproved Solar Thermostat Controllers Model # WSE618C6 (also sold as Model #WSE918C) that were sold by WSE Technologies. These products are unapproved, not tested to any Canadian Safety Standards and do not bear any recognized certification mark in Canada.

**Direction:** Electrical Safety Authority requests consumers to stop using these products immediately.
