Product Safety Alert

### **The Electrical Safety Authority Warns of Unapproved Equipment Used at Nail Salons**

The Electrical Safety Authority (ESA) is notifying consumers about unapproved electrical equipment used by Nails For You at multiple locations across Ontario. The following products have been identified:

- UV lamps, professional nail dryers
- Air compressors
- Electric manicure nail art file drills
- Depilatory heaters
- Pro-wax 100 wax warmers

These products are unapproved, have not been tested for compliance with any Canadian Safety Standards and do not bear any recognized Canadian certification marks. This list is not inclusive, other unapproved products could have been distributed and used as well.

**Distributor:** Nails for You  
8 Oakland Ave  
North York, Ontario  
M9M 2H8  
[www.nailsforyou.ca](http://www.nailsforyou.ca)

**Manufacturer:** product a made by various manufacturers outside of Canada.

**Products:** see examples of identified unapproved product on the next page.

**Direction:** Electrical Safety Authority requests business operators and owners of nail salons to stop using these products immediately. Check all certification marks on all electrical equipment and stop using them if they are not approved.

**Recognized certification marks:** for the list of recognized marks please visit <http://www.esasafe.com/electricalproducts/marks> or contact ESA.
