

DUMP TRUCK SAFETY & POWERLINES

Take these steps to keep everyone on a construction site safe and alive

ARRIVING ON SITE

- ✓ Locate all overhead wires
- ✓ Get a signaller – they are your extra set of eyes

GETTING SET UP

- ✓ Make sure that all parts of the truck are a minimum of 3 m away at all times from any overhead powerlines
- ✓ Make sure signaller is a minimum of 10 m (30 ft) away from your truck

LEAVING THE SITE

- ✓ After dumping the load, drop your box before moving your truck

This message is brought to you by 44,000 volts.
